

A very warm welcome to our, "Inspired Ideas Online" page.

On this page you will find daily, fun activities to do with your children whilst schools are closed. We hope you will enjoy doing them together. There will be a mixture of indoor/outdoor activities.

Check out our Sunday's Cool Online page (Sunday's Cool ...Sunday's Cool Online) to find ways of sharing, and growing in, God's love together as a family.

Most of the ideas you will find here can be created using items from around your home. However, it might be useful to stock up on the following whilst you're stocking up your cupboard!

A4 paper, A4 card, PVA glue, poster paints, paint brushes, string, wool (cheap to buy in £1 Shops), sponge (that can be cut up for printing), felts or crayons.

Other useful items for the coming weeks include: a packet of balloons, a pack of drinking straws, sunflower seeds, cress seeds.

Do start to save things that would be useful for arts and crafts: cereal boxes, tea boxes (you can always flatten them until they are needed) magazines, newspapers, fruit and meat trays (good for printing from), yoghurt pots/jam jars (good for paint pots).
