

Friday, 1st May

Nature's Treasure Hunters

The weather is supposed to be brighter today so why not do a treasure hunt!

As you go for a walk, see if you can you find the following things:

- **something yellow**
- **a stone**
- **something that starts with the first letter of your name**
- **something a squirrel would like to eat**
- **a shell**
- **a feather**
- **three different leaves**
- **moss**
- **3 birds**
- **an insect**
- **a blue flower**
- **an animal track**

Use the chart on the next page. You don't have to collect things, you could just tick off the list when you find them! Add your own ideas too!
