

Tuesday, 21st April
Family games without the box!

**There are lots of games you can play without using the actual game in the box!!
This is always a family favourite.....**

What's in the sock?

Take two large socks and put a set of small identical items in each sock.
Make a set of cards with the name of each item on a different card. Play in two teams and place the cards face down on the table.

- Take it in turns to take a card, put your hand in the sock and try and find the item on the card as quickly as possible.
- You are not allowed to look - only feel!
- Set a time limit to make it harder. (You could have different time limits for different ages!)
- Make the game harder by using similar shaped objects! Haha!

HAVE FUN!

inSpire

Don't forget to add a link to your paperchain diary or film your 1 sec for your video diary.

..... **And have a listen to one of the lovely audio stories! There's quite a library of them now!**

See you tomorrow for an arty activity !
