

**Friday, 29<sup>th</sup> May**

**Big Art Attack!**

Create an enormous piece of artwork together in your garden!! Collect objects of the same colour to use as “paint”.

You will only be able to appreciate your masterpiece properly if you look at from an upstairs window later!

Think of the picture you want to create. If you want inspiration, look at some ideas of what others have done online! Or..

You could always make a beach scene.....blue and yellow background; picnic blankets; picnic; parasol; bucket and spades, pebbles, shells..... Once you have finished it, you can pretend you are at the beach!

Or you could do a countryside scene with trees, flowers, blue sky, clouds, sun, animals (sheep, cows or horses), fences, paths.....

Or you could make a giant rabbit, cat, footballer, rocket, car.....Think of the outline and the colours you will need.

Or you could make a giant rainbow out of lots of things of different colours. Take a photo of it and send it to family and friends, particularly if they are keyworkers.

Remember to save boxes and cartons for junk modelling next week!
