Scategories with things!

This is a fun game to play outside. It's a run around game tooso good for getting rid of a bit of energy! This game can only be played if everyone agrees to clear up afterwards!

Think of the different categories of things you can find reasonably easily in your house :

Clothing, food, book, toy, kitchen utensil

Everyone starts outside and then a letter is chosen by one player and an object by another eg. Player 1 says clothing; player 2 says T

Everybody runs off to be the first to come back with a piece of clothing starting with T eg. T shirt; trainers; track suit

Younger children could be given a category eg cuddly toy; book or soft toy/plastic toy; or small book/large book or a piece of red clothing

Prizes can be given for the fastest finders.....and the fastest (and best!) clearer-uppers!!
